

MALVERN AUTUMN SHOW

in association with

BULB MARKET

FACT SHEET

The Bulb Market stands will be assembled in blocks, sectioned off into individual units each supplied with its own covered sales area measuring 6m x 6m. Each covered unit is constructed of a tubular framework with a PVC covering and will have a name board at the front. Name boards are pre-printed with a standard typeface, and will carry the exhibitor's name (as listed in the Show Catalogue) and the stand number.

DISPLAY

Immediately in front of the covered sales unit is an open display area, sectioned off from neighbouring exhibits with white picket fencing measuring 3m x 6m. The display area must contain a quality horticultural display and must be maintained to a high standard throughout the Show. The display must be in the front section of the unit.

Confirmed exhibitors who find that they are unable to exhibit should notify the Shows Executive in writing as soon as possible.
